

"T" Series Mobile Teller Trucks 19" w x 22" d x 36" h

Note: displayed grab handles and corner bumpers are extra (see accessories on next page).

Versatility is an important element of a well-designed workplace. The mobile feature of the Douglas/Scott teller's truck allows design of a work area which will meet the demands of a changing work environment. Teller trucks are used for cash handling applications and storage.

Teller trucks are constructed with double side walls. Drawers operate on lifetime guaranteed Accuride® drawer suspensions. Equipped with individual drawer and door locks, security pilfer plates between each drawer, and high security tubular key locks, they provide maximum security and protection.

Teller's trucks are 19" wide x 22" deep x 36" high. They roll effortlessly on 4" diameter swivel casters.

Coin-currency trays, drawer inserts and other accessories are added features that make the Douglas/Scott teller's truck the perfect portable workstation. See pages 17, 18, 19 & 25 for accessories.

DIMENSIONS

Outside cabinet dimensions:

- 19" w x 22" d x 36" h.

DRAWERS

Inside clearance dimensions:

- All drawers 15-3/4" wide x 16-9/16" deep.
- "A" drawer 4-1/16" high.
- Drawers operate on lifetime guaranteed Accuride® suspensions.
- "A" drawers are equipped with 1" round knockouts at the rear of each drawer, both left and right sides. These provide alarm wire access.
